

# Relief For The Eyes - From King Bio Natural Medicine

(published in Select Nutrition)

A friend of mine tells the story that his grandmother had perfect vision until reading *Gone With the Wind* in 1938 for 20 hours straight in poor lighting. The strain on her eyes was so terrific that she had to go immediately to the eye doctor where she was fitted with glasses that she relied upon for the next 60-plus years. Although I'm not completely sure that I buy the whole story, I will concede that undue strain on eyes can cause big problems.

There is no argument that our sight is a precious commodity; scripture refers to the eyes as the "windows of the soul," and they are virtually interconnected to every part of our being. Properly caring for our eyes can have a positive effect on various aspects of our body, mind, and emotions; however, the reverse is also true: how we care for our body, mind and emotions can affect our eyes. We rely on proper eye function during both our waking hours and sleeping hours. Deep sleep—(REM) rapid eye movement sleep—is dependent upon proper eye function, and without it, our entire body is affected negatively.

King Bio Natural Medicines provides safe, all natural, highly effective homeopathic formulas to help with a number of common eye problems. All King Bio eye formulas are designed to use both orally (to address the problem from the inside out) and topically (from the inside out). To use topically, close the eyes and mist over the eyelids.

**Eye Stress and Strain** - Modern lifestyles can abuse our eyes enormously. Eyestrain can come from a number of places: long hours of driving, reading, watching TV, working on the computer, and even lack of sleep. The good news is that homeopathy offers quick, natural, safe, and highly effective help for common eyestrain.

Common eyestrain symptoms include stinging or burning sensations, dryness, watering, and/or reddening of the eyes. However, eye stress and strain can cause disturbances beyond the eyes themselves. Frequently a persistent ache in the eyes migrates around the head and spreads down into the neck, shoulders, and back, causing backaches and tension headaches.

**King Bio Eye Stress™** formula gives fast relief to the eyes because of strain, stress, overuse, and even intolerance to artificial light as from computers. King Bio Eye Stress gives fast relief to those eyes that tire easily and from visual abnormalities and stress from prolonged eyestrain.

**"Allergic Eyes"** - Allergies can also play havoc with our eyes. King Bio Allergy & Red Eye Relief™ addresses dry, red, itchy, burning, swollen, inflamed, watery, sensitive eyes associated with allergies, hay fever, or chemical irritations. Additional formulas to address allergic reactions such as King Bio Allergy & Hay Fever™ or King Bio Allergy/Food & Chemical Reliever™ could be helpful as well.

**Cataracts** - Cataracts, a clouding of all or part of the normally clear lens within the eye resulting in blurred or distorted vision, are most often found in persons over age 55, but they are also occasionally found in younger people.

No one knows exactly what causes cataracts, but it is known that a chemical change occurs within the eye to cause the lens to become cloudy. This may be due to advancing age, heredity or an injury or disease. King Bio Cataclenz Eye Relief™ promotes mineral utilization in the body to relieve symptoms associated with mineral accumulations, common eye irritations, tearing, redness, itching.

**Styes** - A stye—or hordeolum—is a common staphylococcal infection of the eyelid glands. Resembling a pimple on the eyelid, a stye can grow on the inside or outside of the lid. Styes are usually not harmful to vision, and they can occur at any age. Since styes are caused by a bacterial infection, it is imperative to keep the area clean.

King Bio Stye Relief™ brings fast relief to swollen eyelids, itching and burning, redness, sensitivity to touch, discharges, pain, inflammation, and stinging.

All King Bio Natural Medicines work in a pure water base, so they are naturally taste-free. They contain no sugar, yeast, or alcohol commonly found in homeopathic formulas. Since homeopathy has such an impeccable record of safety with no negative drug interactions or side-effects, you can give King Bio Natural Medicines to all members of your family from newborn to the elderly taking multiple medications.

The key to homeopathy's great success is finding the right formulas for each individual situation. See King Bio's free Product Guide and Repertory if you'd like to learn more about how to use homeopathy most successfully with your whole family. I encourage you to order a copy of *Making Homeopathy Easy* from Select for \$1.77 wholesale. In this easy-to-use manual, we provide you with the simple procedural tools you will need to take you (and your family) to higher levels of health. With the order of 10 copies from Select, you can get a free one-hour video training tape to complement the manual. Many stores use this tape in their loaning library for consumers who purchase the manual.
